

TEACHING IN CHINA

What is the process

Most teaching positions in China start in Aug/Sept as this is the beginning of their academic year. Teaching positions to start in January are few.

You should contact SA-Recruitment EARLY; your documents will be processed and then presented to schools in your preferred location.

IF the **feedback** is GOOD, we will then organise and arrange a Skype interview with our client school. Should your interview be successful, a contract will be sent for your consideration and acceptance. Documents then need to be authenticated; we'll put you in touch with visa experts.

WHAT WILL WE NEED FROM YOU INITIALLY

- Colour scanned copy of your passport
- Recent colour photograph
- Colour scanned copies of your qualifications (in English)
- Police clearance certificate (please check with us when you need to apply)
- References: you will need 2 professional references/referee details
- Detailed CV, emailed as a word document

WHAT IS ON OFFER

- Contracts are for a period of 2 years
